Barrie plays golf and sails during the summer and skis in winter. He is an avid reader and enjoys travel.

Since retiring in November, 2005, Barrie has;

- Consulted for HP, for the Massachusetts Division of Unemployment Assistance (analyzing and proposing modifications to re-training programs to better suit the needs of retrenched workers in the IT and other high tech industries) and for a number of small software companies.
- Constructed and continue to maintain websites for two family businesses
- Volunteered at Marlborough Community Services (mostly food and other pickup and delivery tasks – 2, 3 and sometimes 4 days a week.)
- Made ski trips to Mt Hood, Breckenridge/Vail, Park City, Heavenly/Squaw Valley
- Played lots of golf, including annual trips to Myrtle Beach and to Florida
- Made two trips back to Australia to catch up with relatives and friends
- Had a wonderful two week vacation in Umbria, Italy
- Done LOTS of work on the house (work that was continuously put off while working on projects in Compaq and HP that demanded a great deal of travel.)

As for the future – I plan on more of the same.
