

DEC Pension Benefits

Key questions most former employees want to know about their Defined Benefit plan at Digital are:

What is the contact number? 1- 800-457-4015 [HP Retirement Services at Fidelity]

Fidelity will ask for your social security number or if you have created one, a Personal Identifier # and Password. If you give your social security number, the rep will ask you about 5 identifying questions. Once these are answered correctly, the rep will give you the current value of your pension account and income stream if you choose to annuitize. The rep should also be able to help you set up access to their website for HP which is <https://netbenefits.fidelity.com>

How do I know if I am eligible to rollover my Defined Benefit plan as a lump sum?

Employees that left Digital on or before March 1, 1996, are only eligible to take out a lump sum at 65 years of age.

What is the contact information for the HP Benefits Center?

The number is 1-800-890-3100. You need a password when calling. If you do not have one, go to <http://mybenefitsdirectory.com/hp> to request a password. This site is useful for Health Benefits and beneficiary changes on stock options.

Hope this helps,

Nancy
