- Nashua Business Development Seminar and Networking draws interest

The June 5 seminar and networking drew a small crowd of 2 dozen DEC Connection members and friends who learned, shared business ideas, and then enjoyed an hour of networking with beverages and snacks. Members Glenn Boston and Bob Farquhar shared advice and pointed folks to some resources for small business development.

We thought to offer the separate networking hour after originally announcing this event and in the future will offer networking time separately (regardless of whether one attends an associated seminar).
