- Bob Brister writes: My last position with DEC was a product safety incident investigator working in the EHS group at Powder Mill Rd Maynard. Was with DEC for 21 years. I started as a Field Service Eng. at Parker St

Maynard and then moved to the Stow building when it opened in 1982. I am now working as a Product Support Engineer for Philips Healthcare in Andover, MA. I've been with them for 14 years. robert.brister@philips.com

- Mary Cole wrote in with a [link to an essay by Isaac Asimov](#) in *Technology Review* that brought to mind her Digital days. - *How do people get new ideas?* She says: Well, this is a great essay about DEC. It is exactly the wonderful atmosphere we had for so long. And I'm sure it underlies the creativity of the company. All those great consultants who lead group meetings helped facilitate creativity.
